For the Good Times

For the days of our
lives that meant so much,
for the sentimental days only
you can touch.

For the times in our lives
that brought us up slow,

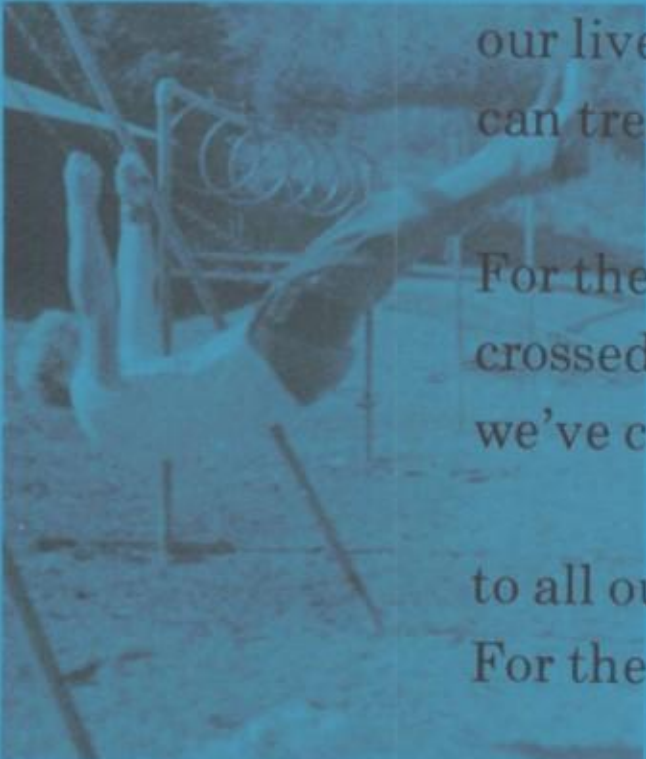

turned us around, and then
let us go.

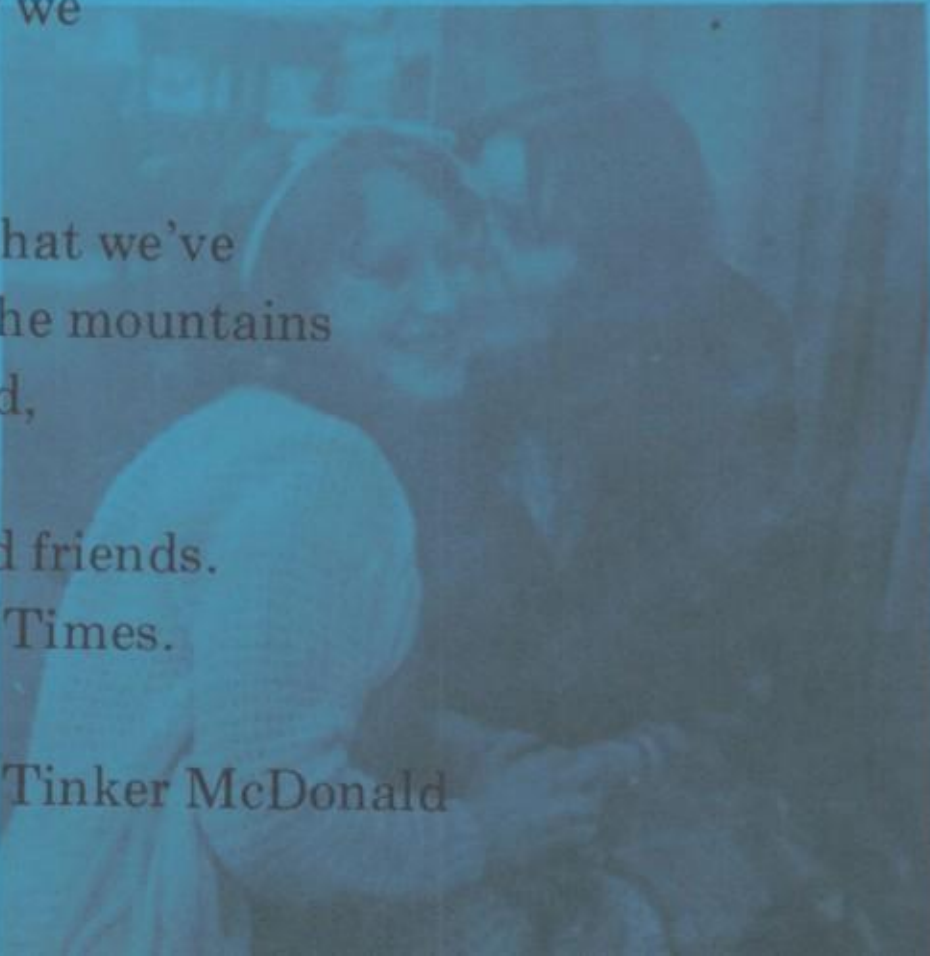

For the hours in our
lives that were happy and
new; for the hours in our
lives that made dreams
come true.

For the minutes in our
lives that gave us such
pleasure: for the minutes in
our lives only we
can treasure.

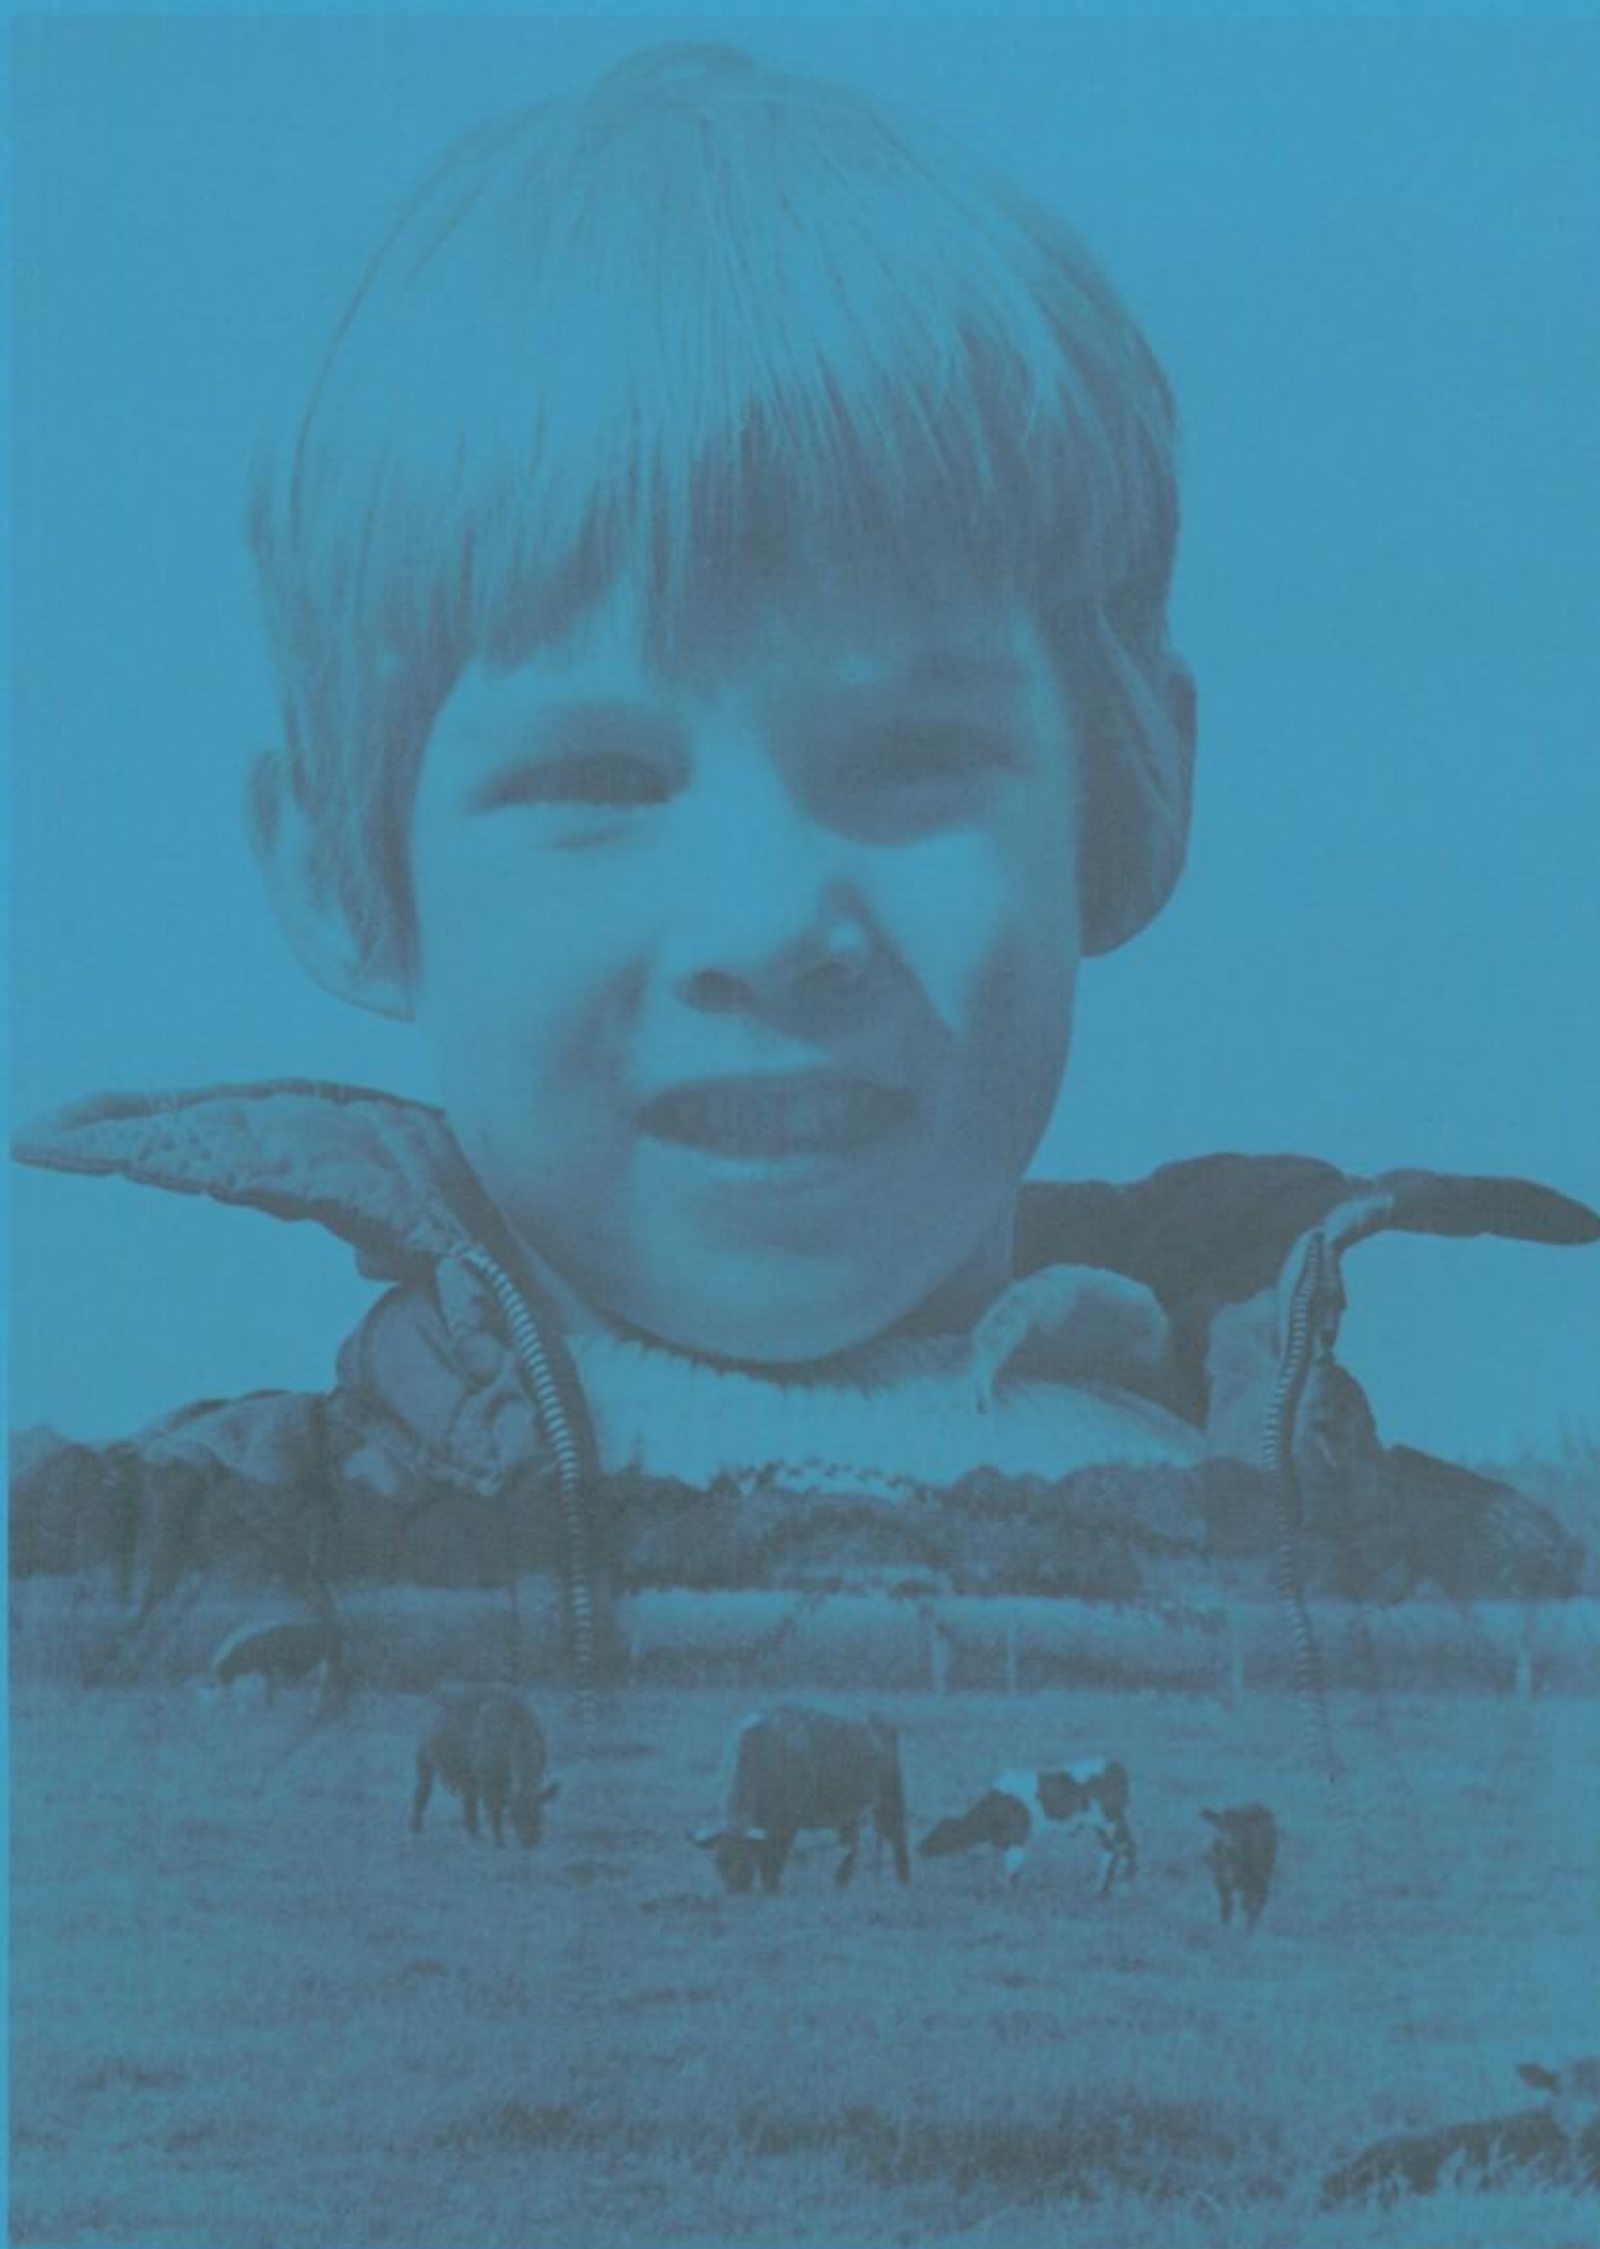

For the seas that we've
crossed and the mountains
we've climbed,

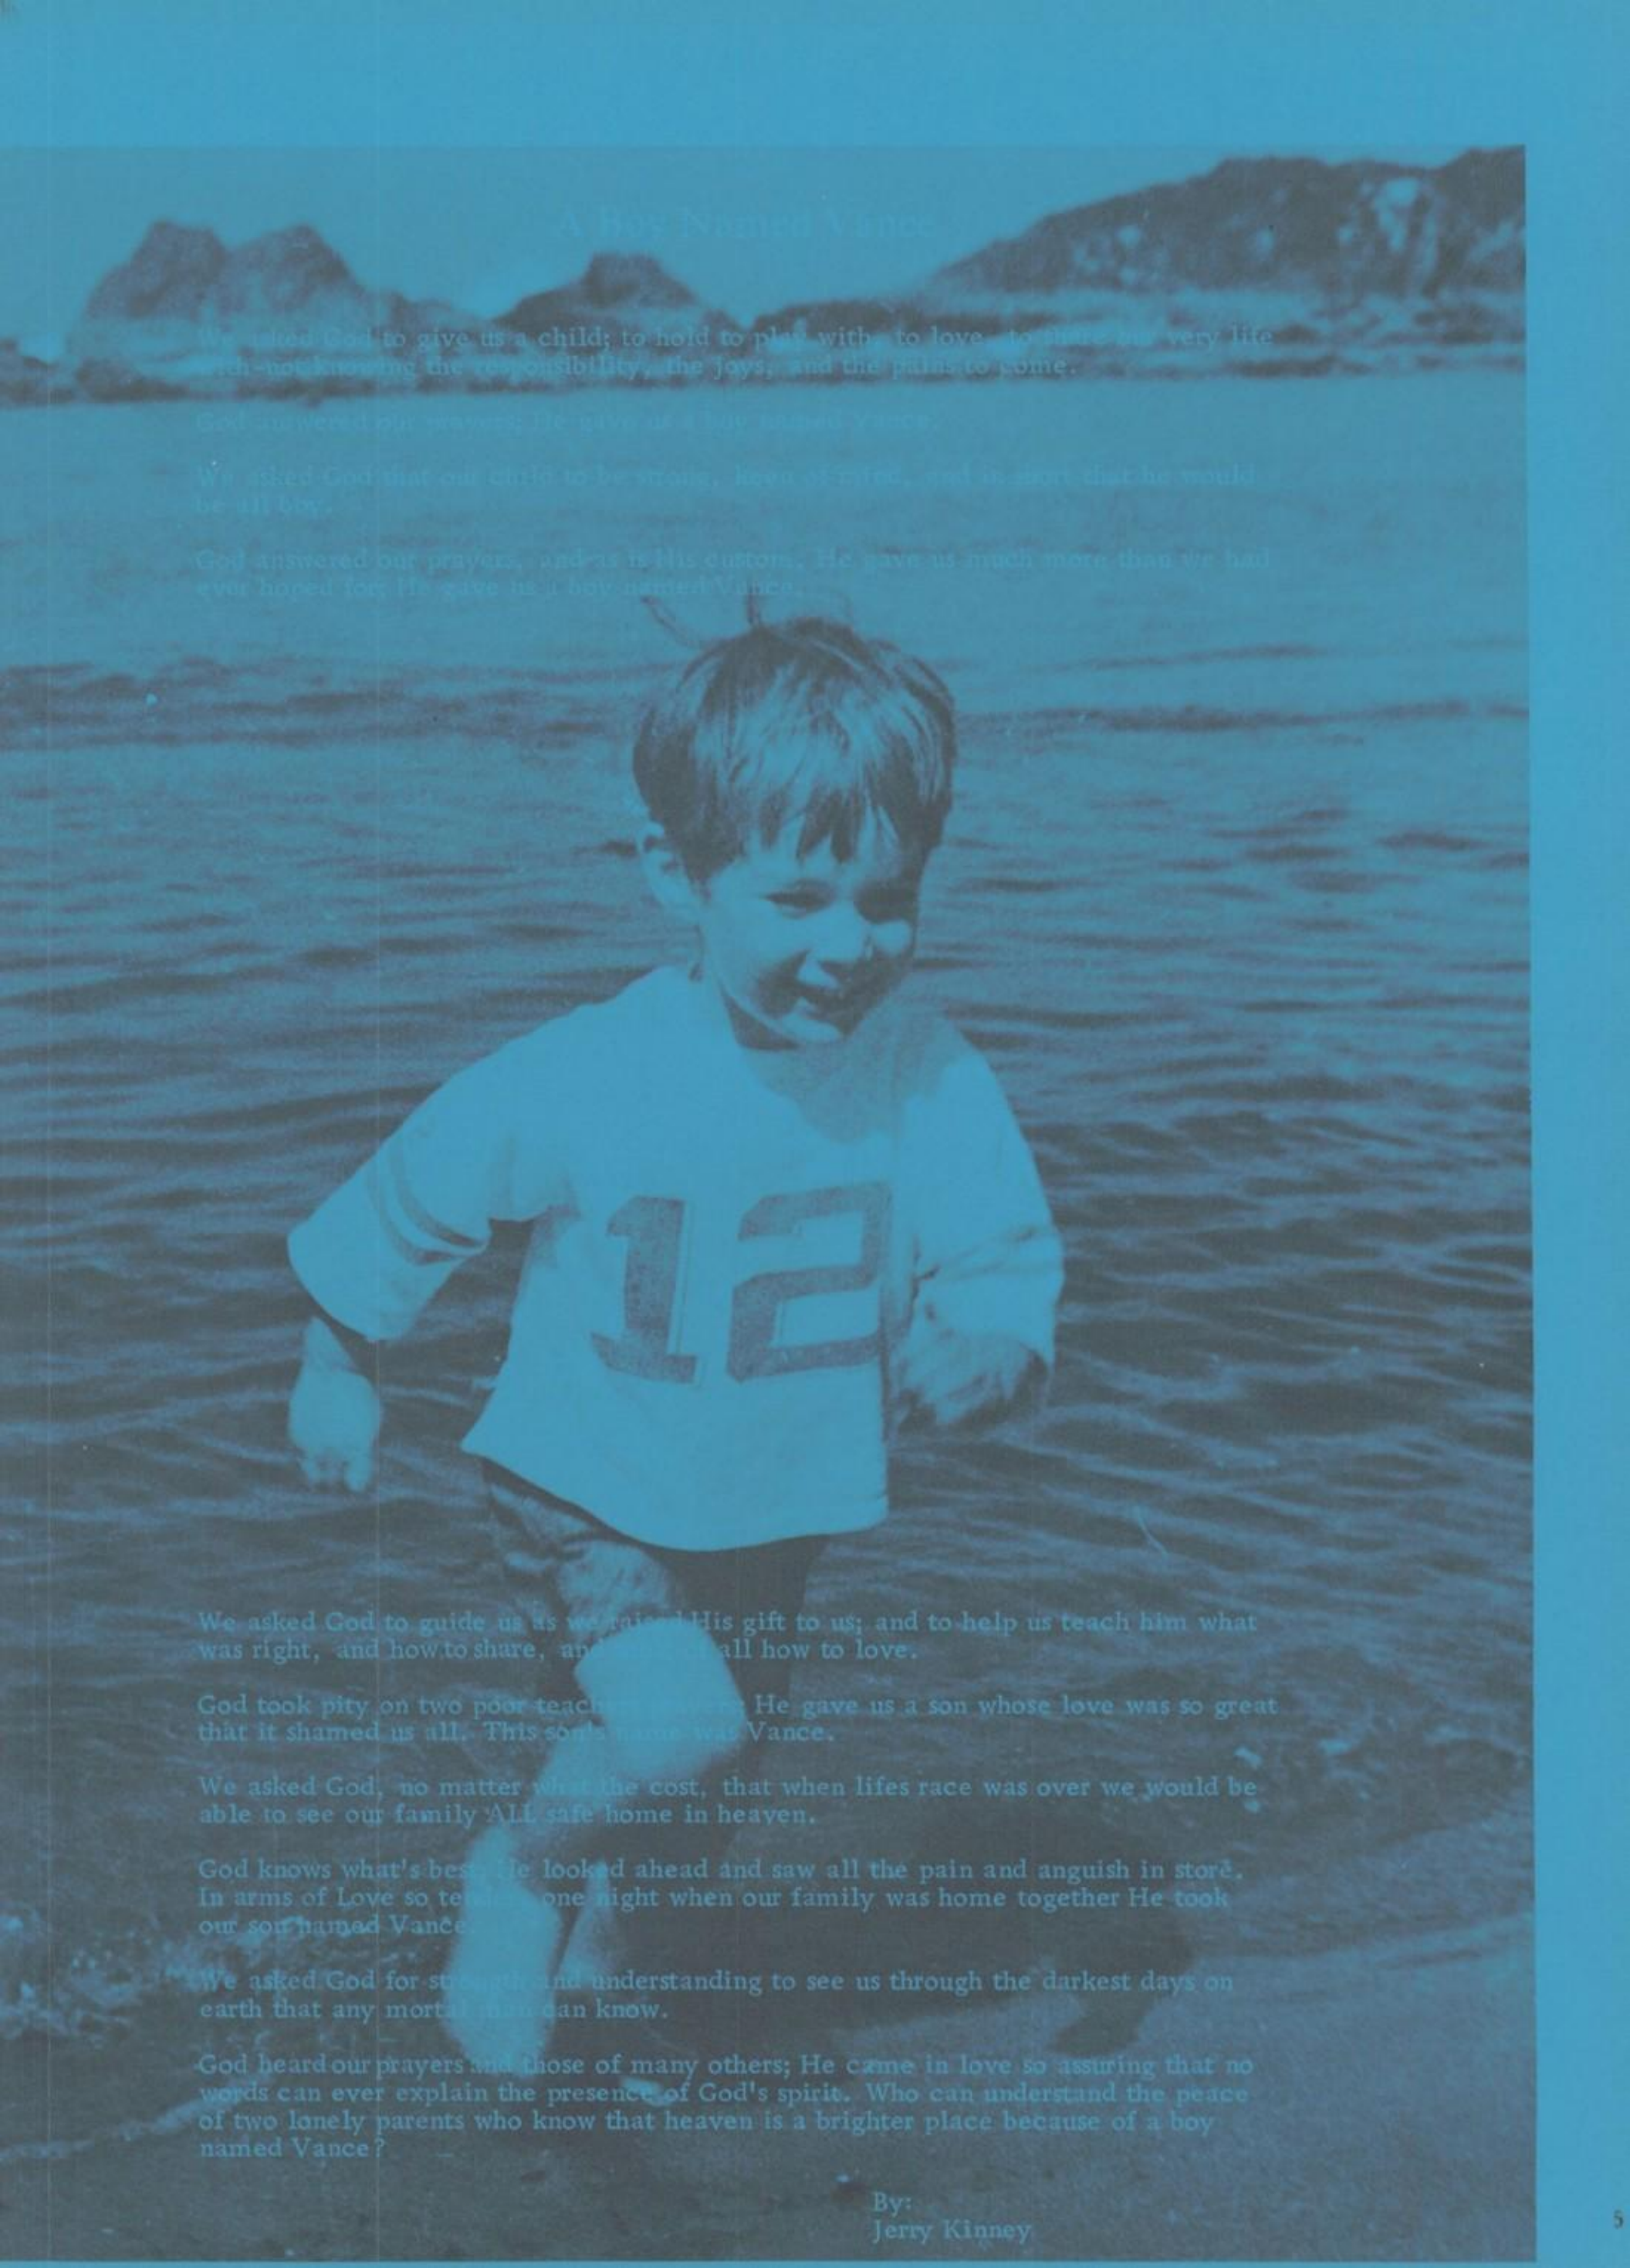

to all our good friends.
For the Good Times.

The Annual Staff of Eddyville High School Dedicates
the 74-75 Eagle in Memory of Vance Kinney.

A black and white photograph of a young boy with dark hair, wearing a light-colored t-shirt with the number '12' on it, running through shallow ocean waves. In the background, there are rocky hills or mountains under a clear sky.

A Boy Named Vance

We asked God to give us a child; to hold to play with, to love, to share our very life with—not knowing the responsibility, the joys, and the pains to come.

God answered our prayers; He gave us a boy named Vance.

We asked God that our child to be strong, keen of mind, and in heart that he would be all boy.

God answered our prayers, and as is His custom, He gave us much more than we had ever hoped for; He gave us a boy named Vance.

We asked God to guide us as we raised His gift to us; and to help us teach him what was right, and how to share, and most of all how to love.

God took pity on two poor teachers' prayers; He gave us a son whose love was so great that it shamed us all. This son's name was Vance.

We asked God, no matter what the cost, that when life's race was over we would be able to see our family ALL safe home in heaven.

God knows what's best; He looked ahead and saw all the pain and anguish in store. In arms of Love so tender, one night when our family was home together He took our son named Vance.

We asked God for strength and understanding to see us through the darkest days on earth that any mortal man can know.

God heard our prayers and those of many others; He came in love so assuring that no words can ever explain the presence of God's spirit. Who can understand the peace of two lonely parents who know that heaven is a brighter place because of a boy named Vance?

The Junior High teams were coached by Janet Snyder. She felt that her teams had a fine season this year. She stated that the 7th grade team did very well to play larger schools and win. Both teams had younger members on them. This meant that 5th and 6th graders were on the 7th grade team.

Both the Varsity and the JV teams got a new coach and a winning season to go with her this year. Coach Karen felt that after the season was over, the Taft High game was the best one played. Each game saw improvement in the girls, the coach stated. There are only two Seniors on the team this year, Jackie Mitchell and Shelley Hurtt, so the coach feels that next years teams should do well.

Freshmen VOLLIES

The Freshmen team had an extremely good season; winning all five games they played. One of the big wins was over North Bend, an AA school. All of their opponents were from the Coast League except North Bend.

The Varsity Basketball season ended this year at home with a victory over Detroit. It was an up and down year for the Eagles as they finished with a 5-5 League record and an 11 win - 9 loss season total.

A lot of hustle, team spirit and winning attitudes made us successful in many of our games. A lot of credit is due the Varsity squad who saw it to the end and managed to stick together.

Girls Basketball

What can you expect from a group of girls who want very much to play basketball, but who have never really played organized basketball, and who have no better place to practice than the school's hall? A whole lot! And that's exactly what we got, 1st place in the Casco League South. You see it isn't so much the facilities that are available, or even the experience, although these help; but it is the desire that makes the difference.

I enjoy coaching when the players aren't afraid to get excited and yell a little. I enjoy coaching when the players are willing to dream a little about what they can accomplish. I enjoy coaching when the players are willing to work hard to improve, and to give up lunch hours in order to improve. I enjoy coaching when the players share the same love of the game as I do, and the thrill of challenge and competition, instead of the players cringing when the way looks tough.

I enjoyed coaching the Eddyville girls first basketball team very much this year (as much as any boys team I have had the privilege to coach).

Congratulations girls for having the guts to compete: yet the ability to be ladies. Don't stop dreaming, there are higher mountains yet to be scaled just waiting for someone determined enough to do it. Remember that anything worth having will cost you something.

Toledo v.s. Eddyville in a Forestry skills day. All together there were 28 members at the meet. There were seven events, of which you could enter all if you wanted to. A few of the most popular were: choker-setting, chain saw bucking, and cable splicing. Many of the students from school came and cheered Eddyville's guys and girls LuAnn, and Jackie on to victory. It was a warm day and everyone had a good time. Of course the Forestry teacher Mr. Kinney couldn't cheer for either school, being teacher for them both. The scoring points were as follows: 1st place-5 2nd-4 3rd-3 4th-2 and last place-1. The ending score was Toledo-32 Eddyville-76.

Graduation 1975

Graduation—a time for tears, sorrow, joy, laughter; a time for beginning and yet, a time for ending. Thirteen Eddyville students felt all of these contradictory feelings June 5th at 8:00 p. m. ; feelings that all high school seniors experience when they graduate. The 1975 Eagle staff would like to take this time to wish all thirteen the best of luck in the future.
